

Production and Operations Management Journal Information
The flagship journal of the Production and Operations Management Society

The mission of *Production and Operations Management* is to serve as the flagship research journal in operations management in manufacturing and services. The journal publishes scientific research into the problems, interest, and concerns of managers who manage product and process design, operations, and supply chains. It covers all topics in product and process design, operations, and supply chain management and welcomes papers using any research paradigm. Manuscripts should be submitted electronically to the appropriate Department Editor or to the Editor-in-Chief. Please see www.POMS.org

Editor-in-Chief: Professor Kalyan Singhal, University of Baltimore

Departments and Department Editors

Behavioral Operations: Professor Karen Donohue, University of Minnesota

E-Business and Operations: Professor Amiya K. Chakravarty, Northeastern University

Interface Between POM and Other Areas: Empirical Research and Practice
Professor Michael A. Lapré, Vanderbilt University

Interface Between POM and Other Areas: Models and Analysis
Professor Suresh P. Sethi, University of Texas at Dallas

Management of Technology: Professor Cheryl Gaimon, Georgia Institute of Technology

Manufacturing Operations: Professor Panos Kouvelis, Washington University in St. Louis

New Product Development, R&D, and Project Management:
Professor Vish V. Krishnan, University of California at San Diego
and Professor Christopher H. Loch, INSEAD

Operations Strategy and Flexibility: Professor Aleda V. Roth, Clemson University

Revenue Management: Professor Costis Maglaras, Columbia University

Service Operations Management: Professor Michael Pinedo, New York University
and Professor Aleda V. Roth, Clemson University

Special Responsibilities: Professor Hau L. Lee, Stanford University

Supply Chain Management: Professor M. Eric Johnson, Dartmouth College;
Professor Jayashankar M. Swaminathan, University of North Carolina;
and Professor Vinod Singhal, Georgia Institute of Technology

Sustainable Operations: Professor Luk N. Van Wassenhove, INSEAD

Topics Not Covered Above:

Professor J. George Shanthikumar, University of California, Berkeley (Stochastic Models)

Professor Kalyan Singhal, University of Baltimore (POM Forum)

Professor Vinod Singhal, Georgia Institute of Technology (Empirical Research)

Professor Christopher S. Tang, University of California, Los Angeles (Deterministic Models)
